

DAYANANDA SAGAR
UNIVERSITY

School of Engineering
Department of Computer Science and Engineering (AI&ML)
22AM4802-Internship - Weekly Progress Report

Semester: VIII

Week No: 3

Date: From 08/04/2026 to 11/04/2026

Department	CSE-(AI&ML)
USN	ENG22AM0189
Name	Rahul V
Name of the Internal Guide	Dr. Joshuva Arockia Dhanraj
Name of the External Guide	Ms. Drishti Madaan
Organization Name	Unified Mentor Pvt. Ltd.

Work Carried out by you during the Week (in Bullet points only):

1. Developed the core data loader and schema validator using `pandera` to enforce strict type and range constraints on the logistics dataset.
2. Implemented the cohort-based normalization algorithm using `numpy.select()` to isolate the genuine 0–11 day delivery efficiency signal.

Work Planned for the Following Week:

1. Development of the analytics engine for KPI computation and min-max route efficiency scoring.

Major Bottlenecks (if any)

Percentage Work Completed: 50%
